Welcome to the North Shore Art Crawl 2016

The North Vancouver Community Arts Council is very proud to present the North Shore Art Crawl for the third year, after taking over from the original organizers, Norman Vipond and Sandrine Pelissier.

The NVCAC is a vibrant and active organization that strongly believes in the intrinsic value of the arts to bridge cultures and build strong communities by reaching out to all community members and connecting them with the imaginative, educational and visionary experiences of the arts. The North Shore Art Crawl is an event that perfectly encapsulates these values: it is an opportunity that offers the community access to artists' studios, giving a glimpse of the creative process in action and allowing the public to engage in conversation with artists.

The North Shore is brimming with incredible talent. We invite you to open your maps and discover new parts of our community, enter neighbourhoods you have never been to, and learn about artists who continue to be inspired by the beautiful place we all call home.

Let's crawl!
